# Improving and Advancing Our Vision Through Execution

Creating a system of advancing our way of life through doing the work.

June 14, 2021 Charles City Community Schools School Board Presentation

# Why Execution Matters

Execution in a nonprofit environment matters because our mission is always focused on others, not us.

For-profits have to work to make their mission matter beyond themselves. For us, the reason we exist as an organization is the benefit of others.

When we don't execute, others suffer.

Execution in a nonprofit matters- because people matter.

What does effective execution look like?

1. Seeing: identifying what needs to be decided/done

2. Capturing: documenting who, how, and when it needs to be decided/done

3. Operationalizing: creating a system that ensures action, enables collaboration, and encourages accountability

We want to create a culture that is known for doing. Determine what we need to do and then accomplish what we say we're going to do.

# The Non-Profit Pitfalls of Execution

In a nonprofit, there's a shorter runway between failing to execute and failing the mission. Non-profits often struggle with execution because it isn't clear.

There's often a longer runway in nonprofits to fix the failure.

We often have to fail the mission to realize we are failing at execution.

# Effective Execution Need Effective Structures and Systems

- 1. Senior Leadership systems for execution at the district level
- 2. Campus Leadership systems for execution at the school level
- 3. Robust Strategic plans-plan the work/work the plan
- 4. Effective Meetings: When meetings are done poorly, they hurt our organization. When done well, they multiply the impact positively

# What are we doing to execute more effectively?

- 1. Third party evaluation to determine improvements where we can execute more effectively
- 2. Implementing recommendations such as leadership restructuring
- 3. Creation of execution teams at the district and campus level
- 4. Retraining on our Strategic Planning process for improved execution
- 5. Robust training on effective execution and meetings

# **Great Reasons to Meet**

- 1. Set team goals and track progress
- 2. Focused evaluation/problem solving
- 3. Development Retreat
- 4. Team initiative project management
- 5. Cross department collaboration

Great meetings will drive effective strategic execution. Which starts with effective strategic plans.....

#### Miscellaneous policy changes in 2020-21

Policy #	IASB Date Issued	Policy Title	Description of changes
102	11/3/2020	Equal Educational Opportunity	This IASB sample policy was updated to incorporate some of the language from IASB sample policy 500, to further strengthen the goals and vision of the policy. Policies 102 and 500 heavily overlapped one another. By adding some language from policy 500 to policy 102, the policy and the district's process are more clearly defined and allow for the recission of sample policy 500. The changes include updated contact information for the regional office of civil rights. Due to the changes to this policy, IASB sample policy 500 will be rescinded.
102. E4	11/3/2020	Discrimination, Anti-Bullying, and Anti- Harassment - Complaint Form	The title to this exhibit has been updated to clarify the exhibit is intended for use with policy 102.
106	8/3/2020	Title IX Discrimination and Harassment Based on Sex Prohibited	This policy is intended to clearly prohibit sexual harassment and discrimination in accorance with title IX.
500	11/3/2020	Objectives for Equal Educational Opportunities for Students (Rescinded) Combined with Policy 102	This policy has been rescinded as it substantially overlapped policy 102 but was less comprehensive. Some of the policy language in 500 was moved to policy 102, which also has appropriate legal reference citations substantiate the requirements in policy 102. It is important to avoid policies that directly overlap one another, as any inconsistency in the phrasing of overlapping language could create confusion for employees and students in the districts and could make enforcement of policy language very difficult.
501.3	11/3/2020	Compulsory Attendance	The language in this sample policy was updated slightly to reflect that districts have a choice between school calendars of days or hours.
501.4	11/3/2020	Entrance - Admissions	This IASB sample policy has been updated to reflect concerns from the lowa Department of Vital Statistics. Now that many districts have embraced using online registration platforms for school registration, the department is concerned that districts allow parents or guardians to upload digital copies of birth certificates. However, according to lowa law, only the state registrar is permitted to make or hold copies of birth certificates. This also applies to in person registration. Districts are not allowed to create a paper copy of a birth certificate. Alternate forms of proof of age for students are able to be used instead.

Policy #	IASB Date Issued	Policy Title	Description of changes
503.6 E1	12/22/2020	Use of Physical Restraint and/or Seclusion Documentation Form	This form creates a framework for reporting requirements when physical restraint and seclusion are used. It is important for districts to fully document these occurrences, and also communicate with parents and guardians.
503.6 E2	12/22/2020	Debriefing Letter to Guardian of Student Involved in an Occurrence Where Physical Restraint and/or Seclusion was Used	This letter is a sample n districts can use to communicate with parents and guardians of students involved in restraint or seclusion occurrences. The letter outlines the legal reporting and meeting requires established in the lowa Administrative Code.
503.6 E3	12/22/2020	Debriefing Meeting Doument	This sample form is a step-by-step guide to ensure administrators complete all of the reporting requirements for holding the post-occurrence debriefing meeting.
503.6 R1	12/22/2020	Use of Physical Restraint and Seclusion with Students	This regulation, which accompanies policy 503.6, goes into further details for administrators on the required parameters for using physical restraint and seclusion within the district.
507.8	11/3/2020	Student Special Health Services	The language in this policy has been updated to accurately reflect and distinguish a student's individualized health plan from an individualized education program, which are different and carry with them different legal requirements. Also, the note in this policy had been removed, as this policy is not mandated by law. However, it would be wise for districts to maintain a policy on this topic to provide clarity for everyone within the district.
601.2	6/26/2020	School Day	The changes to this sample policy update the policy language to count remote learning towards instructional time requirements when it is allowed by law. The policy also provides notice to students and families of the expectations during remote learning periods.
603.1	11/3/2020	Basic Instruction Program	The addition of computer science into the instruction program is a new requirement from the past legislative session. The Note to the policy specifies when this requirement will take effect.
603.3	11/3/2020	Special Education	This policy language change is intended to reflect the requirement that special education students must meet the 4-3-3-3 requirements outlined in the graduation policy as well as their IEP requirements in order to graduate.
604.10	11/3/2020	Online Courses	This sample policy language has been updated and expanded to allow districts greater flexibility to offer courses through a variety of virtual platforms as the law permits.

Policy #	IASB Date Issued	Policy Title	Description of changes
704.6	3/31/2021	Online Fundraising Campaigns - crowdfunding	The policy language was strengthened to provide greater ownership and control over the use of online fundraising for the benefit of the district. As with traditional fundraising, the district should carefully monitor the use of its likeness, symbols and name.
705.1 R1	11/3/2020	Suspension and Debarment of Vendors and Contractors Procedure	Language in this sample regulation has been strengthened and required language added to better reflect the legal restrictions for the use of federal funds in transactions with a contractor or contractors.
705.1 R2	11/3/2020	Using Federal Funds in Procurement Contract	This regulation has been added to IASB sample policy 705.1 to include language required by the Department of Homeland Security for districts to be able to receive federal emergency management funds. The language in this regulation is excerpted directly from the Code of Federal Regulations.
706.2	3/31/2021	Payroll Deductions	The policy language was updated to better reflect what payroll deductions would be permitted by the district, as well as provide additional administrative flexibility on implementing this policy.
707.2	3/31/2021	Treasurer's Annual Report	The policy language change updated terminology for fund names, and also eliminated the requirement that bank statements be sworn, as this is not a legal requirement.
707.4	3/31/2021	Audit	The policy language was updated to strengthen the requirements for the annual audit of the school district. Audits should be performed by an independent auditor, and audits should be considered permanent records of the district.
707.5	3/31/2021	Internal Controls	The language in this policy and accompanying regulation have been strengthened to better comply with the legal reporting requirements for districts.
707.5R1	3/31/2021	Internal Controls Procedure	This regulation language has been strengthened to better comply with reporting requirements and to accurately reflect the need for districts to defer to relevant state agencies in making decisions on investigation and prosecution of suspected criminal activity.
801.4	3/31/2021	Site Acquisition	The policy language has been narrowed to better reflect that closed sessions to discuss the purchase or sale of real estate may only be utilized in limited circumstances. Closed sessions may not be entered into to discuss the idea of site acquisition generally. The discussion must relate to a specific parcel of land, such that holding the discussion in open session would be likely to impact the purchase price.
803.1	3/31/2021	Disposition of Obsolete Equipment	The policy language has been updated to reflect the notice publication requirements for disposition other than sale of equipment.

Re: Commencement Date Change

Based on feedback from multiple stakeholders this year the recommendation is being made to move Charles City's High School Commencement from Memorial Day Weekend (May 29th) to the weekend before (May 22nd).

Our initial perception was that it was a long standing tradition for commencement to occur on Memorial Day Weekend. After conversations with multiple stakeholders this was not a long standing tradition and was adopted by the prior administration under the assumption that our seniors needed to remain in classes as long as possible.

Iowa Code allows graduating seniors to be excused from up to 5 school days which does not include any additional snow make up days acquired throughout the year. This school year our graduating seniors were only granted 1.5 days of excused days versus all other students. The assumption that it is best to have graduating seniors remain in school as long as possible is one that negatively affects the following situations:

- 1. Adequate time for graduating seniors to finalize grades for graduation
- 2. Providing graduates attending the armed forces adequate time to transition to basic training
- 3. Time for graduating seniors to focus on transitioning to college/career
- 4. Separating the finalizing of graduating senior transcripts and finalizing grades for 9-11 students
- 5. Class Recognition and Comet Choice Awards the week prior to commencement
- 6. 11th grade students transitioning to school leadership roles prior to the first week of school
- 7. 8th grade students transitioning to the High School
- 8. A weekend focused on the successes of our graduating class
- 9. Time for graduation parties the week of and the week after commencement

The proposed timeline for seniors last day of school and commencement is as follows:

- May 17th Seniors last day of school
- May 18th Graduation Practice/Walkthrough (1/2 day)
- May 22nd Commencement Ceremony

This would provide our graduating seniors with the 5 days allowed by Iowa Code to be excused and allow us the opportunity to positively impact the items listed above.

Respectfully,

Bryan Jurrens High School Principal

# Contract for Educational Services for Concurrent Enrollment Career Link Programs & Courses 2021-2022

This is a Contract for Educational Services between North Iowa Area Community College (NIACC), and Charles City Community School District, hereinafter referred to as Community School. It is agreed by and between the parties as follows:

### 1. <u>PURPOSE</u>

NIACC and Community School are entering into this agreement for the purpose of expanding the scope of courses offered to the Community School in the area of Career Link programs and courses. These programs provide students an opportunity to earn concurrent credit and enhance Community School involvement with the state-legislated Senior Year Plus program. In addition, the learning opportunities provided guide students in the career development and decision-making process.

#### 2. <u>DESCRIPTION</u>

The program involves the following components:

- A) NIACC agrees to expand and enhance the high school curriculum by offering the following classes at Charles City High School:
  - ENG-105 Composition I: Trudy McKeag community school provided instructor
  - ENG-106 Composition II: Trudy McKeag community school provided instructor
  - SPC-112 Public Speaking: Trudy McKeag community school provided instructor
  - AGA-154 Fundamentals of Soil Science: Bret Spurgin community school provided instructor
  - 5. AGB-133 Into to Ag Business: Bret Spurgin community school provided instructor

  - BUS-161 Human Relations: Todd Forsyth community school provided instructor
  - 8. MAT-801-804 Applied Math A-D: Dave Williams community school provided instructor.

- B) NIACC agrees to expand and enhance the high school curriculum by providing Career and Technical Education and Arts & Sciences classes. Please see <u>Exhibit A</u> for a list of concurrent enrollment classes the Community School authorizes students to take.
- C) Students will be granted NIACC credit for all college courses.
- D) It will be the sole discretion of the Community School Board of Directors or its designee as to how many students it will make eligible for course participation.

#### 3. <u>ADMINISTRATION OF THE CAREER LINK PROGRAM</u>

- A) NIACC will administer the Career Link program for the duration of this contract.
   NIACC will be responsible for:
  - 1. Program curriculum and design.
  - 2. Instructional goals and objectives.
  - 3. Program evaluation and grades.
  - 4. Academic calendar and schedule of courses in cooperation with Community School District.

NIACC will be the sole administrator, and it may appoint such of its representatives and designees as it desires for governance.

- B) For the purposes of completing the Community School Certified Enrollment Report,
   NIACC will provide Community School with the list of enrolled students.
- C) NIACC's Student Handbook shall govern expectations for student conduct and provide policies and procedures for due process and disciplinary action. Community School will cooperate with NIACC in distributing and informing potential and enrolled students about policies and procedures in NIACC's Student Handbook.
- D) NIACC will inform Community School about each student's progress, specifically a mid-term report and a final semester grade.
- E) NIACC shall serve as the registrar to establish and maintain student college credit records and transcripts.
- F) Community School will identify and provide guidance and counseling for potential students interested in the Career Link programs. Recognizing that these programs involve complex, interactive systems and the ability to readily adapt to advanced technologies, Community School agrees to make a good faith effort in recruiting students who have a high probability of successfully completing the courses. A NIACC enrollment advisor will work with Community School in identifying indicators of success.

í.

- G) Community School agrees to appoint a "champion" from its staff to assist the NIACC enrollment advisor with program promotion, student recruitment, and monitoring of individual student performance.
- H) Community School, with NIACC's assistance, will provide students with NIACC program information.
- I) Community School, with NIACC's assistance, will complete the individual student registration process using NIACC registration forms at the start of the NIACC semester.
- J) NIACC's college credit classes, when located at Community School, must be completed within the NIACC semester and the required instructional contact hours must be met.
- K) Community School will limit the students in on-site NIACC classes to students enrolled in the class for college credit and permit no withdrawals from the course after initial enrollment that are not in compliance with NIACC's withdrawal policy.
- L) Community School shall participate with NIACC in quality control studies.
- M) Upon termination of all offered Career Link programs and courses, any student materials provided by the Community School shall remain the property of the Community School and any property provided by NIACC shall remain the property of NIACC.
- N) It is mutually agreed to follow all state and federal statutes regarding nondiscrimination. It is the policy of North Iowa Area Community College to not discriminate on the basis of race, color, national origin, sex (including pregnancy), disability, age, sexual orientation, gender identity, genetic information, creed, religion, actual or potential parental, family and marital status or veteran's status in its programs, activities or employment practices.
- O) NIACC and the Community School will indemnify and hold each other harmless from any and all claims, causes of action, attorney fees, costs or other expenditures occasioned by the undertakings assumed by each, respectively, in this instrument.

#### 4. <u>FINANCING</u>

- A) Community School will pay regular NIACC tuition and fees (\$199.00 per credit) for courses taught by instructors paid by NIACC and taught at the community school. A minimum class size of 10 is required.
- B) Community School will pay a reduced rate, 50% of regular NIACC tuition/fees (\$199.00 x .5 = \$99.50 per credit), for NIACC courses taught by a Community Schoolprovided instructor or an instructor provided by a third party. Minimum class size will

be determined by Community School.

- Community School will pay a reduced rate, 70% of regular NIACC tuition/fees
   (\$199.00 x .7 = \$139.30 per credit), for NIACC courses taken online or through any other type of online communication platform.
- D) Community School will pay regular NIACC tuition and fees (\$199.00 per credit) for industrial, agriculture, and nurse aide classes taught on the NIACC campus by a NIACC employed instructor.
- E) Community School will pay a reduced rate, 70% of regular NIACC tuition/fees
   (\$199.00 x .7 = \$139.30 per credit), for NIACC courses taken on campus (excluding industrial, agriculture, and nurse aide classes).
- A) The Community School is responsible for providing textbooks to students. Per Iowa Senior Year Plus regulations: for concurrently enrolled students, textbooks must be provided to students in the same way as districts provide books for other courses pursuant to Iowa Code Chapter 301.
- F) Students cannot be required to buy tools and equipment to participate in Senior Year Plus programs but may choose to do so. Tools and equipment purchased by NIACC or Community School shall remain the property of NIACC or Community School. Students taking industrial classes on the NIACC campus will have access to shared tools.
- B) NIACC will bill Community School by May 15 of each school year for tuition, fees, and textbook costs.
- C) Community School will reimburse NIACC by June 15 for tuition, fees, and textbook costs.
- D) No separate budget is required as Community School is simply purchasing NIACC services.

#### 5. <u>SUPPLEMENTAL WEIGHTING</u>

All of the following conditions must be met for any student attending a community college to be eligible for "supplementary weighting" under the Iowa Code:

- A) The course must supplement, not supplant, high school courses.
  - 1. The course must not replace an identical course that was offered by the school district in the preceding year or the second preceding year.
  - 2. The course must not be required by the school district in order to meet the minimum accreditation standards.
- B) The course must be included in the NIACC catalog.

1

.

- C) The course must be open to all registered NIACC students, not just high school students. However, sections of the course delivered at the high school site may be closed to regular college students, provided other sections are available for regular student enrollment.
- D) The course must be for college credit and must apply towards one of the following degrees or diploma programs:
  - (1) Associate in Arts

ł

1

- (2) Associate in Science
- (3) Associate in Applied Science
- (4) Completion of a college diploma program.
- E) Taught by an instructor employed or contracted by a community college who meets the requirements of the Iowa Code.
- F) The course must be taught utilizing the NIACC course syllabus.
- G) Taught in such a manner as to result in student work and student assessment which meet college-level expectations.

#### 6. <u>STUDENT PROFICIENCY GUIDELINES (Iowa Code §261E.3)</u>

Students enrolling in Senior Year Plus coursework must demonstrate proficiency in reading, math and science prior to enrollment as required by Iowa Code §261E.3. Proficiency in reading, math, and science is not similarly required for enrollment in postsecondary career and technical education courses. Receiving postsecondary institutions may have individual career and technical education program or course proficiency requirements.

House File 308, passed during the 2021 legislative session, provides an option for students to meet the required proficiency requirements of the Senior Year Plus program through measures of college readiness jointly established between a school district and a postsecondary institution.

The student shall have demonstrated proficiency in reading, mathematics, and science as evidenced by;

- achievement scores on the latest administration of the state assessment (currently, the Iowa Statewide Assessment of Student Progress, ISASP) for which scores are available and as defined by the Iowa Department of Education, or
- a sum of the critical reading, mathematics, and writing skills assessments, of at least 141 on the Preliminary Scholastic Aptitude Test (PSAT) administered by the College Board, or

- a composite score of at least 21 on the college readiness assessment administered by ACT, Inc., or
- a sum of the critical reading and mathematics scores of at least 990 on the college readiness assessment Scholastic Aptitude Test (SAT) administered by the college board.

If a student does not meet the proficiency requirement as defined above, students may demonstrate proficiency through measures of college readiness jointly agreed upon by the school board and the eligible postsecondary institution. Students can qualify for enrollment by any of the following measures. Students taking college level Math and Composition courses must also qualify on the appropriate college placement measure. Demonstrating competency should be carried out in the least restrictive way possible as to ensure students are able to access Senior Year Plus programs.

Students may demonstrate competency using one of the following methods.

- A) Proficiency in the corresponding content area on the most recent administration of the statewide assessment. For example: a student who tested proficient in reading (Englishlanguage arts), but not math or science would be able to access humanities and social/behavioral science coursework but not science and math coursework.
- B) The following nonacademic measures can be used to predict college success in conjunction with assessment scores and student coursework performance. The measures below should not be used alone to determine whether or not a student should access Senior Year Plus opportunities.
  - (1) Maturity
    - Demonstrates self-advocacy and communication of needs
    - Successfully manages academic, work, extracurricular, and other commitments
    - Takes responsibility for their learning and success
  - (2) Academic skills or standing:
    - Satisfactory attendance record
    - Successfully completes related high school coursework
    - Completes assignments by due date, including assigned readings
    - Demonstrates self-motivation as a learner
  - Applies classroom learning to real-life cases, observations, and service learning
    (3) Personal traits/dispositions:

6

- Demonstrates respect for others
- Exhibits intellectual curiosity and openness to new ideas
- Works well as part of a team
- Demonstrates honesty and ethical decision-making
- Willingness to devote approximately 6-9 hours each week outside of class to study, review and prepare for coursework
- C) The student's coursework may be assessed as proficient by the high school counselor or team of faculty/staff. Any of the following may be used to determine student proficiency:
  - (1) Review of student transcripts

- Student demonstrates progress in improvement in coursework
- Transcript may be reviewed in entirety or may be evaluated within a specific discipline or subject area
- (2) Coursework Performance
  - Student shall have previous high school course performance of a "C" or higher linked to the intended college course enrollment (discipline/subject specific)
  - Student success in prior concurrent enrollment coursework of a "C" or higher including CTE coursework
  - The student's coursework may be assessed as proficient using a related coursework portfolio
- (3) Grade Point Average (GPA)
  - Student has a high school GPA of 2.0 in the corresponding discipline
  - Student has a cumulative high school GPA of 2.0
- D) The student may demonstrate proficiency in Reading, Mathematics, and Science using one approved measure from the content area below.
  - (1) <u>Reading and Writing</u>
    - Next Generation Accuplacer Reading  $239 \ge$ , or
    - ACT Reading score of  $19 \ge$ , or
    - ACT English score of  $16 \ge$ , or
    - SAT Reading score of  $271 \ge$ , or
    - SAT Writing score of  $400 \ge$ , or
    - New SAT Writing score of  $23 \ge$ , or
    - MAP Reading RIT score in the 41<sup>st</sup> percentile or higher
  - (2) Mathematics

Next Generation Accuplacer Mathematics of 225 ≥, or
Next Generation Accuplacer College Math of 290 ≥, or
Accuplacer College Math of 45 ≥, or
Accuplacer Elementary Algebra of 110 ≥, or
SAT Mathematics score of 500 ≥, or
New SAT Math score of 530 ≥, or
ACT Math of 21 ≥, or
MAP Mathematics RIT score equivalent to the 41<sup>st</sup> percentile or higher
(3) Science

ACT Science 18 or higher, or

A grade of "C" or better in General Biology

It should also be noted that students who are monitored and receive academic support are more likely to succeed in college-level coursework. Schools should take this into consideration when determining college readiness. Students who may fall below what is deemed "college ready," but are close to college-ready range may succeed with additional academic support.

### 7. <u>DURATION</u>

This contract is for the period of July 1, 2021 through June 30, 2022. This agreement shall automatically renew for successive like periods of time one year to the next. On or before March 1 of any year, one party may notify the other in writing of their intent to modify or terminate this agreement.

### 8. <u>AMENDMENTS</u>

This contract may be amended by agreement of NIACC and Community School.

### 9. <u>BINDING EFFECT</u>

This Contract is binding on and inures to the benefit of successors and assigns.
